DETAILS MUST BE GIVEN IN AFFIDAVIT

Responsible Persons Must Swear Out Search Warrants

TO PUNISH OFFICERS

Action Without Required Particulars is Felony for Searching Official to be Punished by Fine and Prison

Until there has been filed with the proper authorities an affidavit of some responsible person describing the place or thing to be searched, the article which is sought and alleging substantially the offense in relation to which the search is to be made, no search warrant shall be issued in Virginia.

This is the outstanding feature of a bill which has been introduced in the Senate by Senators Deal and Leedy, and was considered by the committee on Courts of Justice Wednesday afternoon.

Senator Deal appeared before the committee to explain the bill. It provides that no search warrant omitting the description of the place and the articles shall be issued and prohibits the issuance of general warrants for searching purposes.

Any officer guilty of searching a place a second time without a special warrant shall be deemed guilty of a felony and be punished by confinement in the penitentiary for not less than one year nor more than five years, or a jail sentence with a fine, according to the terms of the bill.

Another clause in the bill advocated by Senators Deal and Leedy provides that any justice, judge or court issuing a general search warrant, or a search warrant minus the affidavit describing the place, the article to be searched for and the offense, shall be deemed guilty of a misdemeanor and punished by a fine of not less than $100 nor more than $500.

Both the Senate and the House convened at noon and were in session only a short time. At 12:30 o'clock the House adjourned, and Mrs. Carrie Chapman Catt, president of the National Woman Suffrage Association, was presented by Delegate R. Lindsay Gordon, of Louisa. Many members of the Senate came into the House chamber to hear Mrs. Catt, who took occasion to denounce literature which the Anti-Suffrage League had distributed on the desks of the members of the Legislature.

Mrs. Catt declared that the suffrage fight had been won and that little remains for the Legislatures which have not ratified to do but to express their sentiments on the Federal aendment. The galleries were crowded during the address. The speaker said that it was untrue that she had been the guest in the home of a negro woman connected with the suffrage cause, as charged by the antis.

When the members of the House appeared at their desks at noon, they found pink roses. Whether these were distributed by the Equal Suffrage League or the opponents of the suffrage measure could not be learned But this did not hinder the legislators from pinning them on their coat lapels. No such attention was paid to the members of the Senate.

DANCE LAST NIGHT

The first social affair of the Alexandria Post, No. 24, American Legion, held last night in the Elks' Home was a success in every particular. The music was by the McWilliams' Jazz Orchestra, of Washington. There were about 75 couples present, members of the Legion and their friends, and dancing was kept up until one o'clock. During the evening coffee and sandwiches were served. The local post is working for funds for a permanent home, or club house, and other entertainments will be given in the future, with this object in view.

JAZZ ORCHESTRA

There will be a dance given tonight by the Knickerbocker Club at the Elks' Hall at 8:30 p. m. Washington's best and foremost society and jazz orchestra will furnish the music. 20-1p.

PROVIDES FOR LIQUOR

Measure Proposed Would Permit 9 Per Cent Wine, 3 Per Cent Beer

Manufacture and sale of wine containing less than nine per cent of alcohol, and beer, ale and porter containing less than three per cent will be permitted, if a bill introduced in the House yesterday by Representative Sabath, Democrat, of Illinois, becomes a law.

Mr. Sabath also introduced a joint resolution under which whiskey could be prescribed and obtained for medicinal purposes during the influenza season without unnecessary hindrance and delay.

Under the Sabath bill, the National Prohibition Act (the Volstead law) would not go into effect until sixty days after the United States Supreme Court shall have held it to be constitutional.

It would permit the withdrawal from bonded warehouses of whiskies manufactured before September 10, 1917, and purchased for personal use before wartime prohibition went into effect.

The Sabath bill also would permit physicians to prescribe in lieu of one pint of whiskey every ten days, one quart every fifteen days. Further, it would permit the storage in United States bonded warehouses only of such liquors as were manufactured prior to September 10, 1917, and would strike out of the National Prohibition Act certain regulations which are not required for the sale of wine and beer, as permitted under the provisions of the proposed bill.

The Sabath resolution declares an epidemic of influenza now is exacting a toll of hundreds of lives and is alarmingly increasing, and the health commissioners of various cities are complaining that patients are unable to secure whisky for medicinal purposes when prescribed by physicians, who believe it to be the most effective remedy for influenza.

MEASURE GETS FATAL BLOW

Attorney General Palmer Withdraws Support of Legislation

The drastic anti sedition legislation pending in Congress received what may prove to be a fatal blow in a hearing before the House Rules Committee yesterday.

There were three developments which, it is believed, will result in the death of the measure in committee, or at least insure a thorough revision and modification before any attempt is made to bring it up for passage in the House:

1. Attorney General Palmer, who originally recommended the legislation, failed to appear, as scheduled, to champion it, and sent a letter to Chairman Campbell, of the committee, stating that it did not accord with his views. The form in which he submitted the bill, the Attorney General added, was prepared by him only because he was "requested so to do by a Senate committee."

2. Opponents of the legislation, headed by President Samuel Gompers, of the American Federation of Labor, for five and a half hours attacked the legislation from all angles, charging that it was designed to prevent strikes, would impair the right of free speech and the freedom of the press, and is due to "hysteria and nothing else."

3. Chairman Campbell announced the receipt of a large number of communications, indicating that the press of the country is almost a unit against the legislation, and that many persons in business and professional life, as well as the rank and file of the citizens, hold a like view.

Members of the committee stated it is certain that no immediate actionon the bill will be taken if it is ever reported out.

In any event, they declared, nothing will be left in the measure that will afford any opportunity for court construction which will permit its application to labor or impair the rights of free speech or the freedom of the press.

TUCKER ASSAILS WOMAN SUFFRAGE

Delivers Address Before General Assembly Yesterday

ATTACKS AMENDMENT

Declares it Destroys Every Vestige of Republican Form of Government and Takes Away Electors.

"If we are going to repudiate the principle of the right of a State to self-determination, a principle for which Lee and Stuart and Jackson fought and died, then we might just as well go out Monument Avenue, pull down the monuments erected in honor of their memory and beat them into roadbeds," Harry St. George Tucker, of Lexington, declared yesterday in an address before members of General Assembly, in which he vigorously assailed woman suffrage.

The fifteenth amendment, he declared was wicked, but the eighteenth amendment—the Susan B. Anthony amendment—is the wickedest thing that could be written into the constitution of the United States.

The address of Mr. Tucker followed adjournment of the House, which was immediately preceded by announcement by Delegate Robert O. Norris that Mr. Tucker had been requested to address the House on the subject of "States' Rights."

Mr. Tucker began his address by saying that he was concerned not so much with the question of whether or not the argument for the enfranchisement of women was strong as with the question as to how this suffrage was to be had.

He paid his respect to Wm. Jennings Bryan and Mrs. Carrie Chapman Catt, who spoke in Richmond Wednesday, the one in the city Auditorium and the other in the hall of the House of Delegates.

"Mr. Bryan is quoted as saying that if Germany has given her women, who do not wear shoes, the ballot, that fact, is all the more reason why Virginia should give her women, who do wear shoes, the vote," he said.

"Take away from a State the right to determine who shall be its electors and you take away from it the fundamental principles of a republican form of government," he said. "With a loss of local power, a State would be denuded of its rights, and local self determination would become a sham. The Anthony amendment destroys every vestige of such a form of government.

"Take away the right of a State to self-deterination, destroy the principle of States' rights, and the government will go to pieces," he declared.

Mr. Tucker indulged in ridicule with reference to the addresses delivered in Richmond Wednesday by Mr. Bryan and Mrs. Catt.

The eighteenth amendment, he said, in conclusion, is a colossal outrage on the Southern people, and he hoped it would be the pleasure of the Geenral Assembly to reject it.

With yells, handclapping and cheering, the entire assemblage, rising, greeted Mr. Tucker when he finished. Many Senators also were present.

SMUGGLING BY AIR

Official Declares 4,000 Mile Canadian Border Impossible to Guard

New York, Jan. 23.—Wholesale smuggling of liquor from Canada by airplane was phophesied yesterday by Byron R. Newton, collector of the port of New York. He declared it would be an extremely difficult to check such attempts over the 4,000 miles of Canadian border.

He explained that a single airplane could carry nearly 2,000 pounds of contraband and land at some unfrequented spot where the liquor could be transferred to motor trucks and brought under cover of darkness into thousands of communities.

To prevent smuggling into the New York district his force would have to be doubled, the collector said, and a similar increase in the national force would be necessary to make the country thoroughly dry

SOON TO DECIDE ON CELEBRATION

George Washington Birthday Association Expected to Meet Next Week

WILL ELECT OFFICERS

Expected That Parade Will be Omitted Owing to Many Drives That Have Been Made This Year.

The question of whether or not Alexandria will have a parade February 22 will be determined at a meeting to be held shortly by the George Washington Birthday Association. The indications are that no parade will be given this year.

The association last year decided to give a parade on George Washingtons birthday, A majority of the members, however it is understood are opposed to giving a parade this year owing to the fact that there have been so many drives here recently. It also is pointed out that it would be rather late just now for the organization to complete plans for a demonstration of any magnitude.

It has been several years since Alexandria held a parade in observance of Washington's birthday.

The George Washington Birthday Association probably will elect officers during the coming week and also may on Washington's birthday go to Mount Vernon and place a wreath on Washington's tomb in accordance with an annual custom.

Virginia Supreme Court Upholds Wife's Desertion Plea

Richmond, Va., Jan. 23.—Reversing the Circuit Court of Rockingham, the Virginia Supreme Court of Appeals decided yesterday that Mrs. Bertie Isgett was entitled to a divorce from J. W. Isgett on the ground of desertion.

The two met as a result of an advertisement inserted by Isgett in a Baltimore paper and were married by the Rev. H. B. Lee, Episcopal clergyman of Charlottesville, a month later. According to Mrs. Isgett her husband seemed to lose interest in her when he learned that she had only a life interest in a farm in Albemarle, where she was living. Two weeks later he disappeared.

In a trunk which he left behind was found a note saying that he never loved but one woman and she lived in Ohio. Isgett is supposed to have returned to his former home in South Carolina.

FLU INCREASES RAPIDLY

Reports in New York Show 462 New Cases in Day

New York, Jan. 23.—Although 462 new cases of influenza were reported in the 24 hours, Dr. Royal S. Copeland, Health Commissioner, declared there was little likelihood of a return of the epidemic of last year.

These figures showed an increase of 342 new cases over the reports of Tuesday. Dr. Copeland has requested aid from all registered and practical nurses in the city provided that the situation should prove alarming. One danger spot in the situntion, he said, was the difficulty of obtaining whisky for medicinal purposes.

Only 10 per cent of the druggists here have taken out liquor licenses, the Health Department estimated.

MAY LOSE JOBS

14,000 Navy Yard Employes Face Discharge in Case Congress Delays Appropriation

Fourteen thousand skilled laborers at navy yards and elsewhere will be out of jobs if Congress does not act promptly on a letter sent the Speaker of the House yesterday by Secretary of the Navy Daniels, in which he asks for $10,000,000.

The discharge of laborers necessary for the upkeep of the navy, Secretary Daniels says, would be a matter of grave concern. The House saw the necessity of the appropriation last summer, but it failed of passage in December in the Senate. Congress is warned that the navy should be kept in good shape for an international emergency. It is expected that Congress will act immediately. Mr. Daniels has fortified his request with letters from his chiefs urging action. Among these letters is one from Admiral Robert E. Koontz, who has succeeded Admiral Benson as chief of operations of the navy. Admiral Koontz says "The number of ships now capable of operating effectively in case of emergency is dangerously small. This condition is the direct result of a lack of funds with which to prosecute vigorously the required repair work on vessels whose material fitness has been lowered through the excessive and continuous demands of war service.

FORCED TO SHOOT FATHER

Saved Her Mother Declares Miss Jefferson, of Eastport, Md.

Annapolis, Jan. 23.—Recovering from hysteria sufficiently to relate the story, Miss Ruth Jefferson, 18, of Eastport, a village just across Spa Creek from this city yesterday told the conditions under which she was forced on Tuesday night to shoot her father, who is now in a dangerous condition in the Emergency Hospital Annapolis, with a bullet wound directly above his heart.

"My father declared his intention of killing mother and then shooting himself," Miss Jefferson said, "He had made similar threats on previous occasions when he did not appear to be himself."

She said nothing unusual had occurred until just before midnigh Tuesday, when they were preparing to retire. Then her father told her she might be prepared for "something awful."

"He told me," said the girl, "that he intended to kill mother and himself, and I would find them both still in the morning. Remembering there was a small revolver in the drawer of a bureau, I got it. I hid my mother in a cupboard. In a few minutes pap went into the bedroom and I was standing by the cupboard. He demanded to know where mother was. I told him she had gone to town. He had a revolver in his hand. Pap seemed to know that mother had not gone to town, but was in the cupboard, and coming closer to me, he said that if I did not tell where mother was he would kill me too. I was thoroughly frightened, but drew the revolver, which I was holding behind me, and fired a shot. Papa afterwards walked down stairs into the kitchen, where he fell to the floor."

Since being removed to the hospital Jefferson admitted during a brief period of consciousness, that his daughter had shot him in defense of her mother.

SLIPPERY CONDITIONS

The appearance of the streets of Alexandria at an early hour this morning was suggestive of the glacial period. There had been hail and rain during the night at times, and this morning a drizzle was in evidence. Ice was everywhere, and pedestrianism was a difficult feat minus "creepers," those friendly appliances to the heel which render the wearers virtually "slip-proof." Only a small minority, however, were provided with these essentials.

Conditions during the morning showed no marked improvement. Both old and young took to the streets where firmer footholds could be secured.

The motorcycle policeman had but little to do in the way of chasing speeders, as none had the temerity to "put out" a machine under existing conditions.

The Weather Bureau announced last night that present conditions are likely to continue today. The rain is expected to cease and to be frozen solid on the streets by a predicted fall in temperature to about 20 degrees.

THE VIRGINIA MEMORIAL

The commission appointed by the last special session of the legislature to recommend a suitable memorial for the soldiers of Virginia in the world war, has decided to recommend the building of a memorial library in Richmond. It recommends that in this library be placed suitable bronze tablets, one for each county and city in the state upon which each city and county may place the names of those who it wishes to memorialize.

This seems to many a far better plan than the erection of some monument, or as some proposed, the building of a triumphal arch.

WORK OF RETRENCHMENT

Although it is very generally conceded that retrenchment in governmental expenses is now urgently needed, it is almost impossible to put it into effect. There is hardly an office, state or county in Virginia that is not underpaid. The salaries or fees, being predicated upon a dollar of three times its present purchasing power, are wholly inadequate.

The appropriation committee of the House of Delegates is being deluged with bills, advancing salaries and increasing fees. It is hard to resist the obvious justice of these proposed changes.

The budget provides for a biennial appropriation of twenty-two million. This breaks the record for Virginia. It is the inevitable consequence of present conditions. School teachers cannot be procured for the salaries which have been offered them.

Federal appropriations for roads must be met, and the servants of the state and county must be paid a living wage.

The cost of government is keeping up with the procession.

ADMIRAL SIMS

(Communicated)

There is obviously something beside disinterested patriotism inspiring the utterances and actions of Rear Admiral Sims. He is clearly the mouthpiece of Republican propaganda. Mr. Wilson and each and every member of his cabinet must be discredited.

The part performed by the American navy in the world war is a subject of pride to all true Americans. It performed a difficult task with prompt and perfect efficiency.

Because Secretary Daniels has bestowed naval honors and medals on the heroes who did things, and dared things and not on Admiral Sims' parlor sailors and front door polishers the whole navy is rotten and corrupt.

General Wood, a disgruntled disciard, steps up in chorus "rotten."

We do not doubt that the American navy, like the American army, is absolutely sound from the heart out, and that it can contend successfully tomorrow for the mastery of the seas, ship for ship with the proudest navy afloat.

Apart from the obvious purpose of boosting republican candidates and belittling the accomplishment of the democratic administration. Admiral Sims is actuated by a sharp personal resentment toward Secretary Daniels for the plain talk Daniels gave him on the need of restraining his extreme devotion to foreign countries and considering the interests of America.

Bear in mind that Admiral Sims was born a British subject, and he has apparently

Remained—remained—remained an Englishman."

WOMEN'S WORK AND WAGES

Virginia Commission Proposed to Recommend Legislation for This Sale

Appointment of a minimum wage commission, whose duties it will be to investigate conditions under which women wage-earners of Virginia are employed, is the object of a resolution introduced in the House of Delegates by Delegates Boschen and Wilcox, of Richmond.

The resolution provides that the Governor "be requested and authorized" to appoint a commission of seven, three of whom are to be women. This commission will be empowered to look into the subject of wages, hours and other conditions surrounding the work of Virginia's women wage earners. It will examine wage scales of other States, countries and nations and recommend to the next General Assembly legislation having regard to "the peculiar conditions of Virginia in so far as they concern the women wage earners of the State."

Members of the commission, the resolution provides, are to serve without pay, and the sum of $2,500 or such part thereof as may be necessary, is to be provided to meet any expense the commission may incur.

THRIFT WEEK

Governor Westmoreland Davis Advocates its Observance

Governor Davis has issued the following:

To the People of Virginia:

During the period January 17-24, 1920, there will be observed throughout the United States, under the auspices of the Young Men's Christian Association, "National Thrift Week," for the purpose of encouraging thrift and combating extravagance, of teaching sound economic doctrines, of helping the government of the United States in its campaign to sell thrift and war-savings stamps, and of developing character in our young men and boys by helping them to think straight and act wisely in matters of earning, spending, saving, investing and the giving of money.

I heartily approve of the purposes of National Thrift Week, and earnestly urge the people of Virginia to exert every effort individually and collectively to make this week a period of constructive thought and action for the upbuilding of our State and nation.

Westmoreland Davis,
Governor of Virginia.

PRINCE MAY RETURN

London, Jan. 22.—The Prince of Wales was the guest Wednesday night at a large and enthusiastic dinner of the Pilgrims. More than 300 persons were present. The prince made a speech, partly serious, partly humorous. With some modesty he delivered personal touches here and there, and had a clamorous reception.

The prince reaffirmed his intention to revisit America, particularly the Middle West and Far West, saying that the best proof that one had enjoyed a visit was his earnest desire to repeat it. He remarked: "I am still receiving a large amount of mail from the United States—and not all of it from the fair sex," which provoked great merriment.

Another spontaneous touch was greatly cheered. Referring to the chairman's remark that the prince, after his tour, was again domiciled as a citizen of England, the Prince of Wales said:

"I hope I am domiciled as a citizen of the British empire."

SOCIALISTS FAIL TO WIN

Every Motion Made by Their Counsel at Albany Quickly Overruled

Albany, N. Y., Jan. 22.—Traitors, envoys of an "alien and invisible empire," "agents of Lenine and Trotzky," "masquerading under the cloak of peaceful political action" were a few of the titles given the five Socialist members of the assembly this afternoon before Judiciary Committee of the Assembly, which will decide whether the Socialists should be reinstated. Yesterday, the second day of the hearing, the session lasted well into the evening.

Martin W. Littleton, counsel for the judiciary committee, made a patriotic speech which caused three-quarters of the 700 spectators in the capital to leap up and cheer and cheer again.

Morris Hillquit, suave, ironical, replied to Littleton, gaining the plaudits of about 150 Socialists sympathizers from New York, sprinkled among the throng at the hearing.

Nevertheless, it was a day of decisive defeat for the five Socialist members. Every motion they made was denied, although their fight was stubborn bitterness itself.

Sleepers in Home Where Body Lies in State Are Trapped by Flames

Quebec, Jan. 23.—Four persons burned to death at St. Raymond, Portneuf, early today when the home of Charlemangne Page was destroyed by fire. Mr. Page's mother died yesterday and the body was lying in state when candles set fire to the draperies.

Three daughters and her nephew aged nine were asleep upstairs and could not be reached by volunteers who tried to save them.

Good Health Life's Greatest Blessing

Happiness and Success Within Easy Reach of Red-Blooded Men And Women

Anemic Condition Unnecessary

Pepto-Mangan Makes Rich, Red Blood —Builds up Pale, Thin Anemic Men and Women

Good health is the most important asset of life. Without a vigorous, strong body and a keen, clear mind, true happiness and enjoyment are impossible.

And yet so many women, and men too, whose misfortune it is to be pale, thin and anemic, hopelessly accept this condition in the belief that robust health and real happiness are not for them.

Thousands of men and women have been restored to vigorous health and lasting happiness by Gude's Pepto-Mangan. This beneficial blood tonic contains the very properties so vitally needed to improve the blood. Pepto-Mangan, if taken for a few weeks, will enrich the blood and create thousands of the tiny red blood cells that are so necessary to carry nourishment and strength to every part of the body.

Pepto-Mangan is safe, beneficial and pleasant to the taste. For convenience it is prepared in liquid and tablet form both possessing exactly the same medicinal properties.

Be sure to ask your druggist for "Gude's" when you order Pepto-Mangan. "Gude's" is the genuine Pepto-Mangan. Look for the name "Gude's" on the package.

VIRGINIA NEWS

Former Representative Robert Turnbull, aged 70 years, died yesterday morning at his home in Lawrenceville, Brunswick county. He was born in Lawrenceville January 11, 1850. In 1896 he was elected to the State senate and was a member of the constitutional convention of 1901. He was a delegate to the Democratic national convention of 1896 and 1904 and was elected to the Sixty-first Congress from the Fourth district of Virginia to fill the vacancy caused by the death of Francis R. Lassiter, taking his seat on March 16, 1910. He was reelected to the Sixty-second Congress. In 1914 Mr. Burnbull was defeated by the late Judge Walter A. Watson. At the time of his death he was clerk of the circuit court of Brunswick county.

Thirty-one new cases of influenza were reported to the Richmond health department yesterday, 38 cases were reported Wednesday and up to noon yesterday there were about 75 cases in the city.

According to reports, many machinists at the Tredegar Iron works in Richmond, have been thrown out of employment, due to shortage of work. Only about a dozen machinists remain on the job, who are employed as foreman and skilled workers. Other departments of the plant are said to be normal.

Spanish influenza made its first appearance in Newport News yesterday since last winter and last night twelve cases had been reported to the board of health. It is declared by officials that the disease appears in a mild form.

Validity of the famous West fee law was sustained in the supreme court of appeals yesterday, when it handed down an opinion in the case of an executor against the commonwealth. The case came up from the circuit court of the city of Richmond

A houseboat, owned by Robert M. Gillespie, New York lawyer, caught fire off the Capes en route to Florida. The party of seven on board, including four women, have been rescued. The houseboat was missing several days in the recent storm and had been given up for lost.

Seventeen girls, all of them inmates of the Miller Orphanage at Lynchburg, were rescued from the cottage in which they were sleeping Wednesday morning. They were roused from their sleep when the watchman discovered the insipient blaze on the second floor. Fifteen of the little girls were sleeping on the ground floor. Firemen, after connecting with private fire protection in the grounds, found the water cut off and had to lay 1,400 feet of hose to a city fireplug, the orphanage ground being located just outside the city limits. The fire loss was not over 1,500, which is covered by insurance.

Burial certificates were issued Wednesday by the State Corporation Commission for the interment of John Barleycorn as far as his transportation over Virginia railways is concerned. The commission entered an order eliminating from the Virginia freight classification, Class E, applying to ale, beer, and porter, and Class H, applying to whisky, wine, brandy, gin, rum, cordials and bitters in bulk or barrels. Fifth class will hereafter apply instead of Class E, embracing also ginger ale in carload lots and mixed carloads of ginger ale and mineral water.

It has always been the policy of this store to refrain from advertising sales when we felt that there was no cause for them and consequently they have not been frequent.

In these days of high prices, the prices of a great many of our lines have become prohibitive.

We are therefore forced to discontinue quite a few and we wish to announce that on these numbers, we have greatly reduced the prices, some below cost; and we are confident that you will find here bargains of exceptional merit.

What Is Rheumatism? Why Suffer from It?

Sufferers Should Realize That It is A Blood Infection

Doubtless like other sufferers, you have often asked yourself this question, which continues to remain unanswered.

Science has proven that Rheumatism is caused by a germ in your blood, and the only way to reach it is by a remedy which eliminates and removes these little pain demons. This explains why liniments and lotions can do no permanent good, for they cannot possibly reach these germs, which infest your blood by the millions.

S. S. S. has been successfully used for Rheumatism for more than fifty years. Try it to-day, and you will find yourself at last on the right track to get rid of your Rheumatism. For treatment of your individual case address Chief Medical Adviser, Swift Specific Co., Dept. 43, Atlanta, Ga.

Erzberger Says Hindenburg Ordered Signing Even if Denied Concessions

Berlin, Jan. 23.—Mathias Erzberger, minister of finance, acted on a telegram from Field Marshal Hindenburg when he signed the armistice with the allies, he said yesterday.

Replying to charges by Dr. Karl Helferich that he acted against the interests of Germany in signing the armistice, Erzberger said Hindenburg directed him to sign, even if the allies refused to make any concessions.

Erzberger's statements were made during the trial on charges of "political grafting," brought by Helferich.

It was passed by a large majority after a heated discussion.

SEAS PREVENT RESCUE

Two Boats Trying to Take Passengers off Powhatan Meet With Disaster

New York, Jan. 23.—The 271 passengers on the American transport Powhatan will be transferred to the transport Northern Pacific as soon as the weather moderates sufficiently to permit the perilous operation being accomplished in safety, according to reports reaching here yesterday.

An attempt to start the transfer Wednesday had to be abandoned, because of the heavy seas, which smashed one rescue boat against the ship's side and swamped another None of the rescuers was lost, but the risk of transferring passengers in cockle-shell boats in such a heavy sea was regarded as too great

The Northern Pacific, which is bringing to New York the last of the American Expeditionary Forces from France, will leave the Powhatan immediately after she has taken the passengers from the disabled transport, it was assumed by shipping men here, as the Powhatan is now known to be in tow of the Lady Laurier a Canadian government steamship, headed for Halifax.

Eleven women and eight children are known to be among the Powhatan's passengers, obliged to share at least part of the sufferings from cold resulting from the flooding of the ship's engines and heating plant

HE LIVES ON HIS FEET

Most of the time, and if he did not wear the right kind of shoes—comfortable, well fitting, serviceable footwear—he would soon get footsore and weary. We keep police officers', letter carriers', workingmen's, and other folks who are on their feet a lot; pleased with our fine shoe repair work, and save them money.

AID OF CLERGY SOUGHT

Pastors Asked to Name Committee In Each Congregation to Detect Violators

Washington, Jan. 23.—The Bureau of Internal Revenue, evidently feeling itself powerless to make prohibition effective on the sweeping scale that the drastic element would like, has invented the formation of unofficial vigilance committees in every community, whose function it will be to reinforce the efforts of the Government agents.

The appointment of these committees, it is learned, has been placed in the hands of the Catholic and Protestant clergy instead of in the hands of commercial organizations or other civic bodies which might be concerned in law and order and good citizenship. Because the internal revenue branch of the Government has turned to a single class of men for this volunteer service there promises to be resentment against what seems to be systematic snooping on the part of uplifting committeemen.

Incidentally, it became known that many of the clergy have refused flatly to act upon the suggestion of the Government, taking the position that law enforcement is the business of the police and the courts; that the churches ought not to be dragged into prohibition snooping or private detecting, and that it presumptuous on the part of any official of the Government to atempt to enlist churchmen in such a campaign as has been undertaken by the Bureau of Internal Revenue.

The invitation of this bureau to the clergy is contained in a circular letter bearing the date of January and signed, in print, by Daniel C. Roper, Commissioner of Internal Revenue, This circular went out in the mails to the heads of congregations presumably all over the country. It was not given out publicly, it seems, but was mailed direct to the ministers of the gospel to whom the appeal was addressed.

WILL TUNNEL MT. BLANC

Chamonix, Switzerland, Jan. 23.—French and Italian engineers have arrived here to make studies on the ground for a tunnel under Mt. Blanc directly joining France and Italy.

This project which has been under examination for many years, now appears near attainment, as both governments have voted preliminary credits to commence work. France has apropriated 45,000,000 francs and Italy 40,000,000.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the *real* cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested foods? Take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like. 10c and 25c.
